Assessor Forum

The Assessor forum subcommittee was established to provide a mechanism for communicating, training and sharing of new information, interpretations, and other issues related to fostering better assessments, consistency and professionalism.

Jack Farrell

Highlights and Substantive Issues

- Planned and conducted a very successful event on Tuesday
- Attendance of 70-85+ participants for the entire day
 - 35+% labs represented
 - 45+% assessor bodies, including about 17 representatives from NELAP ABs
 - 20+% others
- Evaluations showed an overall 85-90% approval
 - All of the sessions were very well received and attended
 - Great participation from all participants (open, honest, and solution oriented)

Highlights and Substantive Issues

- Participants overwhelmingly indicated they wanted this process to continue
 - Format and mix - good
 - Length of a full day - good
 - Balance of presentation and opportunities for discussion - good
- Lots of great suggestions and topics for future consideration
- At the TAC meeting, passed a resolution to provide training credit for attending the assessor forums toward annual training requirements

Unresolved Issues

- Filling out our development team further
 - federal representative
 - another State AB representative
 - another lab, etc.
- How to obtain resolution on interpretations of Standard – consensus/publication
- When decisions or interpretations are presented, how to get these into policy
- How to handle all of the wonderful suggestions presented.

Assessor Forum

Future Plans

- Get the minutes and presentations onto the TNI website
- Gather up all of the suggestions/comments provided at the meeting
 - Determine which the subcommittee should tackle
 - Forward the rest to the TAC for consideration and placement within TNI functions
- Create an agenda for the Boston Assessor forum
 - core sections, panel discussions, How to...auditing topics
 - define speakers and champions
 - present to TAC for comment and concurrence
- Prepare and conduct a full day event in Boston
- Look into other event opportunities and for other mechanisms to promote the subcommittee objectives

Thank you to all of the participants and especially to the members of the development team. A job well done!!

Proficiency Testing

Anand Mudambi

Proficiency Testing

Highlights and Substantive Issues

Working Draft Standards (WDS) incorporated all relevant comments received at IL and KS meetings in 2006.

WDS generally well received at this meeting.

Volumes 3 (PT Provider Requirements) and 4 (PT Oversight) generated the most discussion.

Proficiency Testing Unresolved Issues

Volume 4 PT Oversight – what is the SSA and where to put its requirements?

Definitions are not consistent between the PT modules and volumes – needs to be coordinated intra PT and inside TNI.

Proficiency Testing Future Plans

Review 2003 NELAC standards to ensure all PT requirements are present in the Draft Interim Standards.

Harmonize all volumes and incorporate all relevant comments received on the Working Draft Standards (all comments are due by February 19, 2007).

Complete Draft Interim Standards in time for vote by whole TNI membership – early June 2007.
